### THREE SOUGHT AS ASSAILANTS OF WOMAN ON FARM BLOODHOUNDS ON TRAIL OF MEN WHO STAGED ATTACK.

### SET FIRE TO HOME Farm Hand Arrested Also for Attempted Assault Near Darien.

(SPECIAL TO THE GAZETTE)

Jefferson. — Bloodhounds from Mauston were brought to the city Thursday morning to start on the trail of three men who, according to the story told Sheriff A. Woelfler, cut off the hair of Mrs. Max Schlosser and then set fire to the house.

The Schlossers reside on a farm owned by Adolph Knack in the town of Farmington, four miles from Watertown. Mrs. Knack retired at 11 o'clock when she went to the back porch when she was seized by three men who rushed out of the darkness. Threatening to shoot her if she made a sound, she says two of the men held her while the third cut off her hair. She was struck and kicked by the men when she attempted to cry out. She says she was broken away from her assailants. Mrs. Schlosser declares she staggered into the house calling for her husband, and that he ran out with a shotgun and fired several shots into the darkness. Returning to the house after a short search of the premises, Mrs. Schlosser says she saw the porch in flames. She says she had just time to get some of the furniture from the house, before it burned to the ground.

The Schlossers claim that they found the front of the house taken from a tank which Schlosser kept under a tree, 100 feet to the rear of the home.

The Schlossers are firm in adhering to their story. The sheriff is investigating the story and awaits any clues which may be discovered by the bloodhounds.

### FARM HAND HELD ON CHARGE OF ASSAULT

(SPECIAL TO THE GAZETTE)

Jefferson. — Voluntary hearing on a serious charge growing out of an alleged attempted attack on Mrs. J. D. Buell at the farm near Darien, George Osborne, farm hand, is being held in the Walworth county jail here for trial in circuit court.

All Walworth county is licensed by the attack. Mrs. Buell was preparing dinner Tuesday noon when she declares Osborne entered the kitchen and attempted to attack her. She fought desperately, she says, and was losing the fight when her dog came to her assistance, jumping at Osborne. She fled from the house with her children, pushing to Buell, who was returning from work, breaking loose from his grasp, fled into the woods. He was arrested in Delavan, Wednesday morning.

### \$600,000,000 Reduction in Direct Taxes, Plan of Harding and Aides

By DAVID LAWRENCE.

Copyright 1921, by Janesville Gazette.

Washington.—The American people will have their first cut in taxes since the European war when they make out their income tax returns next March. President Harding and Secretary Mellon, as well as republican leaders in congress, are in the midst of the overhauling of the income tax law, which demands that government expenses be cut and taxes reduced, have outlined a program which represents a net reduction of \$600,000,000 in the amount that must be raised by direct taxation.

Mr. Harding and the secretary of the treasury stood in the president's room of the executive mansion.

Mr. Harding and the secretary of the treasury stood in the president's room of the executive mansion. Mr. Mellon's opinion for paying that \$170,000,000 out of new revenues than paying off Liberty bonds. Of course, such a part of the \$170,000,000 as falls due during the year will be paid out of sinking fund or other available funds. It isn't quite such a large amount but what it can be handled satisfactorily. So it was cut out of the estimates of new revenues.

### Cutting Down Taxes

The most important announcement made was that the actual tax burden of the people would be \$3,075,000,000. This is about \$400,000,000 less than it has been under the present law. The following analysis shows how the government has decided to bring about the cut in taxes.

Amount of new budget, \$4,034,000,000.

Amount to be raised by direct taxation of the people, \$3,075,000,000.

Difference, \$959,000,000.

That means the government must raise \$959,000,000 from other sources than income taxes.

Revenue from present tariff, \$300,000,000.

Back taxes unpaid or evaded, \$100,000,000.

Salvage of government property, \$140,000,000.

Increased revenue, expected from new tariff, \$70,000,000.

Unpaid miscellaneous receipts, \$100,000,000.

Total from sources other than income taxes, \$959,000,000.

Now examining the item of \$3,075,000,000, which is to be collected in 1921.

### FAIR DRAWS BIG CROWDS DESPITE ADVERSE WEATHER

THOUSANDS FROM ALL PARTS OF COUNTY HERE FOR THIRD DAY.

### RACES ARE STAGED Half-Mile Track Used for All Events—Cotton Exhibit Attracts Attention.

The Janesville fair came into its own on Thursday. Even though the weather was again, big attendance. The mile track is still flooded and it is a race on this famous course, it will have to be with boats or heavy trucks.

The half mile track has been drained and was used for the speed program Thursday afternoon.

Pump Out Pools. The inner track was in good condition considering the floods of Wednesday and again on Thursday morning. Men worked all night, dredging, draining and pumping out the track in condition for fast time. Then in the morning autos drove around it, rolling down the bumps and leveling out the soft places.

Under this treatment the track rapidly dried and when the speed program was called, drivers were satisfied, except that the half mile track interfered with time.

### Race on Half Mile.

Racing on the half mile provided more excitement and thrills for the throngs in the grandstand and along the edges. Instead of once around the track, the horses passed the stand twice in each heat, providing two brushes under the wire under whip.

All morning traffic started toward the fair grounds, until at the noon hour there was a solid stream of vehicles going to the grounds.

"If it hadn't been for that rain—the whole country would have been here," declared the fair officials. "But they are coming and will be here Friday."

Decision is to be made Friday morning whether the fair will be continued until Saturday. Much depends on whether the speed program can be doubled up.

### Stock Judging Starts.

Judging was in full blast in all departments Thursday afternoon.

The beef cattle judging was completed Wednesday night and a start made on the dairy breeds.

Exhibitors exhibiting are immensely pleased with the obtaining of M. S. Mosier, St. Paul, to make awards on dairy cattle. There is no greater authority on dairy cattle than the St. Paul man, for he seems to be the word is final when it comes to judging. He is seldom seen at the fair.

"I am surprised at the quality of stock shown at Janesville," declared (Continued on page 4)

### SMALL'S ATTORNEYS SCAN LEGAL AVENUES FOR WAY OF ESCAPE

Springfield, Ill.—Governor Small left for Kankakee, Thursday, after the governor refused to discuss rumors of a move to begin habeas corpus proceedings by surrendering the governor's bond to authorities in some other county.

Although he submitted to arrest under protest, the governor showed no disposition to lessen his fight to evade prosecution, and it was known his attorneys were closely inspecting all legal avenues of possible escape.

### SEND FORMAL BIDS FOR DISARM MEET

Five Nations Get Invitations; Armistice Day Agreed for Conference.

(BY ASSOCIATED PRESS.)

Washington.—Formal invitations were to be sent Thursday to Great Britain, France and Italy, Japan and China, to attend the conference on disarmament and Far Eastern questions at Washington, Nov. 11.

The text of the invitations will not be available here before late in the day. It was announced at the state department. The invitations are understood to be identical and brief.

They were to be sent directly to the foreign offices and copies handed to the diplomatic representatives of the powers here.

Preliminary negotiations have made certain the acceptance of the invitations and of agreement to open the conference on Armistice day.

Quarrels of housing the missions and selection of the principal participants are being studied here and an estimate of the money required will be submitted to the director of the Budget Bureau, shortly.

Further exchanges of opinion on the agenda probably will continue. All thought of preliminary conferences has been abandoned, but the state department has made it clear that there is every disposition here for a full and frank preliminary expression of opinion on what subjects should be discussed.

### Landis Stops Co-Operative Stock Selling

An injunction was granted Wednesday by Federal Judge Landis in Chicago against Harrison Parker, W. A. Watkins and John Cor, heads of the Co-operative Stores of America, ordering them to stop the sale of stock in the company. It was alleged that the company had sold \$15,000,000 worth of the stock to date.

"There was a legal dispute in Wisconsin over stopping the sale of the Co-operative stock, which was considered by the attorney general's office. The suit was made that stock sale was in violation of the blue-sky law, the so-called Rochdale corporation was formed in Wisconsin and opened a store in this city."

"The Rock county Farm Bureau has advised the attorney general's office that the purchase of stock in the co-operative concern by farmers. Numerous protests have been made to the Farm Bureau officials and county agent by the farmers, who are being urged to refuse to change its decision regarding the worth of the stock."

### GRAND JURY OPENS KENNEDY INQUIRY

15 Persons Named to Testify in Quiz Over Murder of Broker.

(BY ASSOCIATED PRESS.)

Los Angeles.—Formal investigation of the mysterious slaying last night of J. P. Kennedy, broker, at his summer cottage in Beverly, Glen, near here, was begun by a county grand jury here Thursday. The evidence in the case, involving Madeleine Obenchain, Kennedy's companion, the slaying of Kennedy, and Arthur C. Burch, her former college mate and acquaintance of Kennedy, both held in jail, the latter under suspicion of murder, may not all be presented at once.

Search for the shotgun used in the slaying, conducted for several days, has been unavailing, although the search covered territory from Mount Glen to the ocean and a considerable distance under the water near the mouth of the Santa Monica Canyon.

### PROBE OF LEGION CONDUCT IS ASKED

Private Soldiers' and Sailors' League in Sharp Charges.

(BY ASSOCIATED PRESS.)

Washington.—Congressional investigation of the American Legion's organization and alleged "scandalous and disgraceful conduct of a small coterie of self constituted, self-perpetuating officers" was asked in a petition presented Thursday to Vice-President Coolidge and Speaker Gillette by Marvin Gates Sperry, national chairman of the Private Soldiers' and Sailors' League. It charged that a small group of men furnished financial backing for the legion and its officers were working in the interests of these men and for their own personal benefit.

Legion officers, the charges continued, were "pecking out" the best money for the benefit of the hidden group of men, who furnished the secret funds for its organization," and no financial accounts had been filed with the legion's federal charter.

### Morgan Sits Down Solidly on Lotteries

(BY ASSOCIATED PRESS.)

Madison.—Wisconsin is not "Monte Carlo" and gambling by lotteries or "raffles" must stop, William J. Morgan, attorney general, declared in a statement Thursday, which he said presaged war on this form of gambling.

"We seem to have been suffering from an epidemic of lotteries, or so-called 'raffles' in Wisconsin," he said. "This office has consistently advised that such lotteries are prohibited under the Wisconsin law."

"Notwithstanding the law and the opinions rendered under it, we can scarcely read a newspaper without finding some account of a lottery or raffle in which everything from a saddle horse to a ton of coal is offered as a prize."

Mr. Morgan pointed out that his office cannot initiate prosecutions, but can bring actions to forfeit any prize drawn or received in a lottery.

"I hope the attorney general's office will not be compelled to bring such forfeit suits before the courts, but I consider a far more laudable course than the enforcement of the owners of the prizes."

### Blast Wrecks Lawyer's Home; Laid to Wets

Chicago.—A dynamite explosion early Thursday wrecked the residence of A. V. Smith, state's attorney, at Waukegan. The Smith family was asleep when the explosion occurred. The front porch was blown to pieces, window glass was broken and a large hole blown in the wall.

It is charged the explosion resulted from "relentless" warfare waged by Colonel Smith against illicit liquor sellers.

## Y. W. C. A. SEEKS REASONS WHY WOMEN WORK AND ASK HOW THEY SPEND THEIR LEISURE TIME IN QUESTIONNAIRE

Mrs. Burdette Lewis, left; Miss Mary Cady, right above, and Miss Rhoda McCulloch, right below.

A significant sign of the times is that the national board of the Young Women's Christian Association is preparing a comprehensive questionnaire on work and recreation, inquiring into each individual expenditure of time and how it affects one's entire outlook, health and opportunities. Why are you working? How do you use your leisure time? Is marriage work? And do you work for money or love the job? These are some of the questions asked. The women who are preparing this national questionnaire are Miss Rhoda McCulloch, Mrs. Burdette Lewis, chairman of the industrial work department of the national Y. W. C. A., and Miss Mary Cady, secretary for the educational work department of research and method.

## Expect Record Crowd at K. C. Picnic, Sunday

Final arrangements have been made for the annual Knights of Columbus joint picnic between the Jamesville and Beloit councils. The picnic will be held Sunday at Yost's park. Councils from surrounding towns are expected to send large delegations. They are coming from Delavan, Burlington, Rockford, Freeport, Monroe, Evansville, Edgerton and Whitewater. A large program of athletic events has been planned, including a ball game between Jamesville and Beloit. A great deal of interest has already been created over an Irish dancing contest between two prominent local knights. There will be music all day by the Bower City band. Cars on the tour will carry trailers from 11 o'clock on throughout the day from each end of the line.

## SMALL BOY ASPIRES TO JUDGE EXHIBITS OF CAKES AND PIES

His "Royal Highness"—the small boy—has a new ambition for a life job. There was a time when he yearned to be a circus clown, a policeman, fireman, soldier and maybe president. But there was one justly youngster who announced to Secretary Barry Nowlan at the fair on Thursday, his greatest ambition. He anchored himself in front of the culinary exhibits at the fair and looked and looked at the mouth-watering cakes, the crisp, cookies and canned goods. "The secretary watched him with amusement and then asked him if he would like a piece of cake. "Sure, and I want a job at every fair," answered the youth. "What job is that?" asked the secretary. "An going to be a judge of fair exhibits right here at this cake counter."

## What Is Every Mother's Hope For Her Children?

Sturdy, energetic children radiating health, are a source of pride and joy to their parents. And their development depends largely on their food.

Children, undernourished and unwisely fed are weak and unhealthy, and many times anemic. Disease easily grasps them, for their undeveloped constitutions are unable to resist the disease germs.

No food will have greater influence in making your children vigorous and healthy than Grape-Nuts. Served with milk or cream, Grape-Nuts is an ideal body, brain and nerve food. It is made from wheat and barley. Grape-Nuts offers a high food value, and it is as delicious as it is healthful.

Children find delight in the crisp, sweet richness of Grape-Nuts.

# CLANCY HERE ON \$2,500 COURT CASE

Stoughton Lawyer to Defend Alleged Drunken Driver in Local Court.

James M. Clancy, famous Stoughton attorney who helped to win freedom for Policeman Matthew Lynam in the celebrated murder trial in Jefferson last January, was in Jansville, Thursday, as defendant's attorney in a \$2,500 damages suit arising from an accident.

The case is brought by John W. Green against Christ Nelson with George and Stolen, Madison, representing Green. It will be tried in local court here before Judge E. J. Alexander. Following appearance of attorneys in court here Thursday it was agreed to hold the trial within the next two weeks.

Spine Was Fractured.

Green charges that he suffered a fractured spine and serious body bruises in the accident which occurred on the Edgerton-Albion road, May 6, 1931. The complaint brings out that Green was riding home with Ed. Moore, Edgerton, and as he stopped out of the buggy, Nelson came south driving a car while intoxicated.

There were no lights on the car although it was about the hour of midnight and the night was dark, the complaint states.

Nelson's car, it is alleged, crashed into one of the horses and the buggy so that Green was caught under the horses' hoofs and stepped upon and crushed.

Was Clearing Land.

Green demands \$2,500 for the reason that he has been unable to work since the accident while before it he was making \$8 a day blasting stumps. He has suffered "severe pain" and "incapacity" since the accident under the attention of a nurse, his expenses averaging about \$50 a week.

The accident happened in front of Green's home, seven miles north of the line between Rock and Dane counties.

**FAIR DRAWS BIG CROWD THURSDAY**

(Continued from page 1)

Mr. Moser after looking over the Holsteins, Jerseys, Guernseys and Ayrshires, "Rock county has winners and it is no wonder that your county is noted for dairy animals. There is as good a display here as one finds at most state fairs."

John Goldthorp, Jansville, won honors with "Howdy Korodyske Vale" as grand champion and also placed first with junior bull and two year old heifer.

J. J. McCann and son won first for the grand champion female in the beef class. J. H. Wright also won many blue ribbons.

One of the features of the Holstein stable is "Johanna Beauty Battle", Wisconsin state champion cow in production in her class, owned by John Wohlgren. She ranks fifth in the United States and sixteenth in the world.

# Own Coal Mines and Work Them on Co-Op Plan

(By Associated Press.)

New York. — Cooperative coal mining is gaining favor among Hungarian miners in the United States. Several large enterprises in the bituminous fields are now being operated by them.

The Foreign Language Information Service here in making public this fact said that the Mine Coal Company, of Milwaukee, Wis., is the parent of these cooperative mining concerns and that it is owned and controlled by its 1,400 Hungarian workmen.

These miners are receiving good wages, it was stated, and are also sharing in the profits of the enterprise, which they financed at a cost of \$500,000. They are now planning to raise \$2,000,000 to obtain control of additional coal land and workings.

The cooperative company was founded by Martin Himm, an experienced Hungarian coal miner, who came into West Virginia and established a small newspaper about two years ago. The company has now built the entire town of Himmville, West Virginia, and has a weekly paper in the Hungarian language, the Magyar Bananyas (Hungarian Miners' Journal). It is recently built a power house to supply homes of the miners with electricity.

The governors of Kentucky and West Virginia are said to have commended the company and its members for the erection of a railroad from Himmville to the coal fields. Across this structure the company is operating its own transportation. The bridge has also made it possible for the Norfolk & Western railroad to make the mining town a regular station.

Although the workings of the cooperative company are located in the Himmville district where there has been considerable labor trouble, the Hungarian miners have been steadily working with no fear of strikes. The company's success is a recent meeting invited public inspection of their books, mines and workings.

Another similar enterprise, the Nabo American Coal Company, has been incorporated in Kentucky, with a capital of \$2,000,000, all owned by the workers themselves.

**Hold Alleged Bandit Under \$20,000 Bond**

Norman Wall, Green Bay taxi driver, held as an accessory after the fact, was arraigned Thursday morning and a preliminary hearing will be held next month.

# ENDED WILSON'S SHORT CAREER AS CHEESE CHAMPION

Bryan Downey.

The majority of ring fans had thought right along that Johnny Wilson, middleweight champion, was a cheese champ. He won the title on a questionable decision and ducked all the good boys after winning it. The other night Bryan Downey knocked him out twice in the seventh round of a no-decision fight. Wilson's home-town referee refused to call them knockouts, though, and gave the decision to Wilson, claiming Downey had hit Wilson while Wilson was down.

# "Blink" Ebbets Tells of Days of the Old Mutuals

"Yes, sir, Jansville used to be some baseball town in those old days. We beat Detroit, Chicago and all of them. And lots of those old fellows are big men in the game today."

The speaker was Harry (Blink) Ebbets, second baseman of the Jansville Mutuals of 45 years ago, back in the days of 1876. Ebbets, cousin to Charles Ebbets, owner of the Brooklyn Nationals, is back in Jansville to attend the harness races at the fair. He is making his home now in Austin, Ill. He is accompanied by George P. Mosely of Minneapolis, whose father, Charles, was manager of the Mutuals.

Became Giants Owner.

"Those were great days for Jansville," continued Ebbets. "We had some wonderful players. There was John M. Ward who pitched for us in 1876 and was given a job during the winter as printers' devil in the Gazette. He later became owner of the New York Giants."

"Remember Arundel, George?" he said turning to Mosely. "He was some pitcher and went out to manage the Seattle team in the Pacific coast league."

"Of course everybody in Jansville knows Tom Morrissey who used to play first base. He went to the Washington team in the American league afterwards and made a great success. I saw him the other day in his police uniform. Some fellow, old Tom."

"Tom's brother, John was some crack third baseman. Too bad he died before he had a chance to go higher in the game."

"Commy" Mac Phlo.

"There was Bushong, catcher who went to Washington to play. That fellow was considered a wonderful player."

"Yes," broke in Mosely. "I was down to see old Comiskey in Chicago a week ago and we were talking about Bushong. Comiskey has a picture of him on his desk. That shows what a ball player he was."

Others that were named were Billy Sloop, second baseman; Dan McLaughlin, outfielder; and Bill Cantillon, centerfielder. The last named became general manager later of the Omaha club.

**Cantillon Sure of Flag.**

Joe Cantillon had not grown old enough to play with the Mutuals when Ebbets was with them. But both "Blink" and Mosely talked in endearing terms of old "Pongo," who went from Jansville up the ladder of baseball fame and is now managing the Millers of the American association.

"Cantillon's got a pennant winning team this year," declared Mosely. "He is only a couple of games behind Louisville but he has the stuff in reserve to grab the flag. He has an aggregation of 20 players that he can switch at any time to use the necessary strategy when a team of right handers or one of left handers faces him. We are all strongly behind Joe up at Minneapolis."

Ebbets still takes an interest in the national pastime. Down in his home town, he is interested in a team of young fellows. Last Sunday his bunch met the Austin Boosters. The latter team had gone out of town to get a pitcher but "Blink" knew his weaknesses. The game looked lost when Ebbets got on the coaching line and started yelling: "Pitcher! Pitcher! Pitcher! That pitcher's foot in the hole. Every time he steps he balks. Watch him!" "Blink's" team won.

Ebbets was a railroad engineer here. For 20 years he piloted the Northwestern limited through Jansville.

# Whaleback Freighter of Great Lakes Gives Way to Immense Steel Vessels of Modern Type

(By Associated Press.)

Duluth. — The whaleback freighter, twenty years ago "king" of freight-carrying craft on the Great Lakes, is fast dropping from sight.

In the early nineties the pride of all seamen and the favorite of shipowners because it measured more tonnage with less registration, the queer old whaleback has been superseded by the spacious and even luxurious modern steel freighter.

Captain Alexander McDougal, Duluth's veteran shipbuilder, designed the whaleback and built the first at the local yards. When it was found to have advantages over the then common style of lake carriers, eastern yards were given large orders and soon many fleets of whalebacks were playing the lakes.

The present day freighter usually runs more than 500 feet in length with carrying capacity as high as 12,000 tons. The whaleback with its 400 feet had a maximum capacity of 8,000 tons.

The whaleback at the time it first came into use could be built for less than \$200,000. Today's freighters cost as much as \$1,125,000.

Chicago—Eddie McGowry, middleweight, has been signed for a ten round bout with Frankie Murphy at Atlanta, Ga., on August 15.

He will be sent out by the sheriff to work as a nurse.

**ELKHORN**

(By Gazette Correspondent.)

The civil service examination for postmaster on Sept. 10 will affect two Walworth county offices. Darlen and Williams Bay.—The heavy rain on Wednesday prevented a large number living in this vicinity from attending the Jansville fair.—The students for the coming Walworth county fair promise to be unusually high class. They come direct from the state fair to Elkhorn.—The county highway committee made its monthly inspection of roads this week and report them in the best of condition.

**SIX MONTHS FOR PASSING BAD CHECK**

(Special to the Gazette.)

Jefferson.—Judge George Grimm sentenced Paul Goodman to six months in the county jail when he pleaded guilty in circuit court to passing a worthless check on E. J. Carroll, Watertown, which was drawn on a Rockford bank.

Ray C. Twining, district attorney, appeared against him. Goodman pleaded for a chance to make restitution and offered to pay all expenses, including two trips made by Under Sheriff P. K. Waterbury to Washington, D. C., as agent of the state, expecting that his father and brother of Milwaukee would assist him.

He will be sent out by the sheriff to work as a nurse.

**ADOPT AMERICAN VALUATION IDEA**

Washington.—The American valuation principle for assessing tariff duties in modified form was accepted Thursday by the senate finance committee. Chairman Chandler announced the committee was working out details which are to be presented to the committee for modification later in the day.

Before finally deciding on the question, republican members of the committee voted to request the democratic members to leave the committee session.

Senator Simmons, the ranking democrat, informed the republicans it was said that he recognized the move as following precedent established by each party.

## MAGNUS SWENSON URGES OCEANWAY

Former Janesville Man Sees  
Great Benefit to Midwest  
Farmers.

Declaring the Great Lakes to the sea waterway will so reduce freight costs as to enrich the farmers of the central west, it is over there built Magnus Swenson, president of a large Scandinavian steamship line, urged the members of the Janesville Rotary club Wednesday to petition their representatives in congress to see that the project is carried through.

Mr. Swenson based his statements on the fact that, as a member of the Deane-Wadsworth commission, he was invited by the Canadian government and visited the proposed route with a group of senators, congressmen and governors. The project would permit ocean liners to come into the Great Lakes and dock at all ports on all the lakes.

The difficulty which must be overcome before the waterway is put through, he warned his listeners, is the political ring of Pennsylvania and New York. New York is against the plan, he asserted, believing that it will take away the importance of the port of New York.

New England Favorable. Against these objections, in urging the Rotarians, Kiwanis clubs and chambers of commerce of the country to push the movement, Mr. Swenson stated that the New England delegates, directed by the information given them of the value of the canal. He said that while New York sent only one representative, New England sent a considerable number of favorable views.

Lowering of freight rates will be the great advantage to the middle west from the waterways project, the speaker declared. Stating that it is so costly to bring lumber by rail from Washington that it is being shipped through the Panama canal to New York and by rail to the west, he pointed out that use of the proposed project would considerably lower such costs.

The cost of the project would be \$250,000,000, half of which would be paid by the United States and half by Canada. Against this, the shipping man said that the entire cost could be saved in a year's time through the lower freight rates which would follow.

Canada Gets Action. Canada is going along with her plans in deepening the St. Lawrence, no matter what the United States does, he said. Montreal has announced a plan to build a \$200,000,000 worth of docks in anticipation. The project is the largest that has ever come to Mr. Swenson's notice in all his years as a civil engineer. He said that while the dam to be constructed in connection with it would be 40 feet high or 4 feet higher than the Kilauea dam, which is the highest in the world, the cost per horsepower would be \$125 as against \$285 at Kilauea.

Against New York's claims of being the greatest port in the country, Mr. Swenson said there is not a model shipping dock in New York harbor. He said that not one of the docks in the metropolis has a railroad track running on it as a result, trucks are compelled to remain outside this, he explained, is costly to the shipper and increases freight costs.

Lived in Janesville. Mr. Swenson was chairman of the commission which built the Wisconsin state capital at Madison. He was born in Norway and came alone to this country when 13 years of age, settling with relatives in Janesville. After getting his early education here, he graduated from the University of Wisconsin and remained in Madison as a chemist and civil engineer. He was in charge of the building of the Kilauea dam.

During the World war, he was chairman of the state council of defense and director of the state food administration. He was sent to Europe to study the food situation of the Scandinavian peninsula. In that capacity, he resided with Hoover for a month. On one occasion he was promoted food to Helsinki and the Norwegian government asked him if he could keep his promise. To make certain, he wired Hoover and the reply he got was that the American government was so big and rich that it could keep any promise he made.

The story is told by W. N. Parker, president of the Madison Rotary club, that Mr. Swenson was so popular in Finland that the Finns wanted to make him king.

**CITY PAYS \$12,324 FOR WORK AT PLANT**  
Erection of the new addition to the city water-plant and extra work on the pump foundation and the old building cost the city \$12,324.99, according to a final order of the board of public works for settlement in full with J. P. Cullen & Son.

The amount of the contract for the addition was \$11,866.03, with \$458.96 extra work which included: Unloading pump, laying pipes, extra work on doors, extra floor around pump, covering pump, repairing old building, and 663 cubic feet extra concrete in pump foundation. A payment of \$2,000 was made the contractors May 1, and another one of \$7,500, June 2, making the final order \$12,324.99.

## REP. MILLS FOR "SPENDER'S TAX"

Ogden Mills.

Representative Ogden Mills of New York urges congress to provide for a "spender's tax" in lieu of the present income tax. Mills proposes that there should be the same exemptions as are given under the income tax law, namely, \$1,000 for a single person and \$2,000 for a married person, but that "spender's tax" of one per cent should apply on expenditures immediately above the exemption. Mills would grade his tax up so that on expenditures of \$50,000 a year or more there would be a 40 per cent spender's tax. Hospital bills and such things would be eliminated.

## FARM RELIEF BILL REPORTED FAVORABLY BY HOUSE COMMITTEE

Washington.—The McNary agricultural relief bill was reported favorably, with amendments, Thursday by the house banking committee. Chairman McNary said he would press for house action early next week. The committee eliminated provisions authorizing the war finance corporation to issue \$200,000,000 farm loan bonds, to establish a bureau for collection and dissemination of exports trade information and to loan to others than American citizens to facilitate farm products exports.

The provision authorizing the war finance corporation to issue \$200,000,000 in notes was cut to \$150,000,000 of which \$200,000,000 was for railroad funding. The house amendment fixes July 1, 1922, as a date for inaugurating liquidation of war finance corporation affairs.

**\$27,688 TO OPERATE COUNTY SANITARIUM**  
It cost Eau Claire county \$27,688 in cash disbursements to operate a county tuberculosis sanitarium such as is being planned for Rock county, to be built on the Spradling farm near the city. A copy of the report was received by County Clerk Howard V. Lee.

The operating expenses of the northern sanitarium amounted to \$21,642 with \$2,823 administration expenses. The revenue amounted to \$24,171 from the following sources, 1000 patients, \$2,500; private patients, \$4,635; Eau Claire county, \$2,019. A charge of \$7 a week is made for resident patients and \$14 a week for those brought into the sanitarium from other counties.

**INCREASED PARKING SPACE AVAILABLE**  
Police are now allowing parallel parking on East Milwaukee street, from Bluff street to a point 100 feet west of Main street, and on West Milwaukee street, from Bluff street to the corner of the T. R. Burns store. In accordance with a "gentlemen's agreement" made by the council Monday night relative to the new parking regulations. Although parking in this district is actually a violation, sentiment of the council is such as to assure revocation of this section of the parking ordinance at its next meeting.

**PAGEANT OF PROGRESS IS PROPOSED HERE**  
A pageant of progress to show the industrial situation of Janesville and surrounding community to be held possibly at the fair grounds this fall was favored by the Kiwanis club after the proposition had been presented to them at the Wednesday noon meeting at the Grand hotel by Lucian O. Holman, manager of the Chamber of Commerce, and Roy Harvey, Beloit, representing a chainmail company.

What is Japan doing in Shantung? That is one of the questions we have been asking in America. Who is best qualified to answer? One who has been there on the ground for many months would undoubtedly be the best equipped. Saturday the Gazette will print another of the articles from the pen of the Rev. Charles E. Ewing, former Janesville pastor, who has kept in touch with America through the Gazette.

In a masterly manner he discusses the Japanese and the Chinese from first hand information. It is the most intensely interesting contribution we have printed in years regarding great international questions. It appears only in the Gazette.

Shantung, the pawn of provinces, awarded to the Germans and then naturally to the Japs and what has happened from Japanese occupation.

A new angle is here shown in the correspondence of the Rev. Mr. Ewing.

Having been for months in the work of distribution of supplies to the starving Chinese in the province of Shantung and traveled much, he has a good point of observation.

Read this contribution in The Gazette Saturday.

## BLAINE FOR U. S. MINES OPERATION

Governor Declares for Government Control in Letter to Official.

Madison.—Governor John J. Blaine of Wisconsin, on Thursday declared for government control and operation of coal mines. "That sentiment was expressed in a letter to Fred A. Blaser, mayor of Superior, who petitioned Governor Blaine to call a conference of governors of a number of western states to discuss the coal situation."

Governor Blaine told Mayor Blaser that he did not object to the proposed conference of governors, but doubted "if anything can be accomplished by such a conference, because there will be no basis on which the conference may act, unless the conference is called for the purpose of arousing sentiment in favor of the federal government taking control of the coal situation."

Under U. S. Control. "There are four agencies in the United States which control practically the entire coal deposits," said the governor's letter, "which agencies no doubt have their respective interests on their customers. But whatever restrictions are placed are formulated and enforced outside the jurisdiction of Wisconsin," he said.

He found that generally to be the case when I made an investigation a year ago," the letter continued. "I have come to the conclusion, after two years of experience, that from my official position, the governor wrote, 'that coal, which is the very basis of our life because we depend upon it for heat, light and power, should be under the complete control of the federal government, and perhaps a more efficient way of handling it would be for the United States to control, to operate the coal mines. Coal is so important, and of so much importance as the water supply for a city, and there is scarcely any city today which for one moment would permit private and selfish interests to control rather the supply or the price of the water necessary to preserve the life of the people of the city.'"

Regulation Opposed. "There is some legislation now pending in congress, but those who control coal are even opposing the most reasonable and conservative coal mining business, and if that attitude is to continue, very long I see no escape from government ownership and operation of the coal mines. The present situation continues, all industry and all life must depend on the beneficence or will of a small group who control that essential commodity."

**DEFER INSPECTION OF MOLE PROPERTY**  
Inspection by members of the city council of the mole property in the First ward was postponed to next week on account of the fair, and rainy weather. The aldermen were scheduled to make the tour Wednesday, but the downtown presentation of the plan for commission in asking the council to approve a project to buy the 30-acre tract at a price not to exceed \$150, an acre for use as a public park.

**40 SEEK TO GIVE "PADDY" GOOD HOME**

**CITY OFFICIALS TO 'CHARGE ON BONDS'**  
City Attorney Roger C. Cunningham, City Clerk E. J. Sartell and City Engineer E. J. Sartell went to Chicago, Thursday, to consult with the First Trust and Savings bank, recently awarded the \$100,000 main canal contract bond issue. Delivery of the bonds will be made within a few days.

**ACTRESS STARTLES NEW YORKERS WITH HER MODEST GOWN**  
Nina Whitmore in her evening gown which actually reaches from the neck to below the knees.

The daring thing in fashion today is modesty. Witness, for instance, this evening gown from Paris worn by Nina Whitmore, well-known actress. It reaches so far up that it even covers the collar bone, while it certainly reveals more in the region of the knee than is shown in the street frocks of our best flappers and grandmas. It is a black and white creation made of white silk crepe.

## HOLD RHODES UNDER BAIL AT MADISON

\$1,000 Bond Is Fixed in Superior Court—Freepoint Man Pleads Not Guilty.

W. A. Rhodes, alleged salesman for stolen cars, was released from the Rock county jail Thursday morning, and was taken to Madison by automobile guarded by policemen of the Capitol city. Arraigned in superior court there Thursday morning, Rhodes, with talking without permission, the car owned by R. W. Cork, Madison, he pleaded not guilty and demanded a hearing. He was committed to the Dane county jail in default of \$1,000 bail.

Rhodes, a Freepoint man, is alleged to have sold two stolen cars here during the past two weeks, and a Ford coupe and the other a 1920 Ford sedan. Each was sold for \$250. His arrest was made last Saturday night by Patrolman William Saxby and he was arrested by police for three days. Rhodes pleaded not guilty to the charge of having sold had been changed, police discovered.

Many from here will be called to Madison to testify in the case. Rhodes change his plea to guilty. The rightful owner of the coupe sold here has not been found as yet. The stolen sedan was taken back to Madison by Mr. Cork, Wednesday night.

## LENINE ISSUES CRY FOR HELP IN RUSSIA

New York.—Premier Lenin of soviet Russia, has issued an appeal for famine aid from the famine-stricken districts of Russia. "The Russian people are suffering from famine," said a cable message from the Russian Telegraph Agency at Moscow, received by the Associated Press here. "In several Russian provinces the famine evidently exists that of 1917."

This is the reverse consequence of Russian civil war backwash and the seven years of war which were imposed upon the workers and peasants by the landlords and capitalists of all countries."

## WELL FED FOLK CURIOSITIES ON PETROGRAD STREET

Helsingfors, Finland.—Well dressed and well nourished visitors appearing on the streets of Petrograd are stopped in the streets by many of the inhabitants, who look them up and down and ask them many questions, as if they had dropped down from another planet, according to a Finn who was officially permitted to visit Petrograd to distribute food to scientists and literary men.

The Finn described the inhabitants of Petrograd as being like a lot of "mad monkeys" of an "unnaturally hysterical nervous pich." He saw Kozharavski, a member of the academy, "who came like a bogey with faltering footsteps, to receive his modest share of the supplies." He was without a shirt and was clad in rags. Some of the scientists he found ill with scurvy and beriberi, the latter, he said, is "dreaming of a piece of chocolate."

Maxim Gorky and others are attempting to take care of these scientists.

## JUGO-SLAVS AND ALBANIAN FIGHT

London.—Fighting on the river Drin, northern Albania, between Jugos-Slavs and Albanians, is reported in Avion, says a Central News dispatch from Rome. ## RAISING FAMILY HASN'T ENDED CAREER ON COURTS OF MRS. BUNDY, SHE PROVES

Mrs. May Sutton Bundy, left, and Miss Mary K. Browne, photographed during an eastern tournament this summer.

Fifteen years ago Miss May Sutton was a scintillating star in the tennis world. Back in 1905 she set the net firmament spinning by invading England and winning the British title at Wimbledon. A few years ago she gave up tennis for domestic duties. She married Tom Bundy, also a star. They had four children and Mrs. Bundy gave all her time to her family. Now, however, she is back in the game and at tournaments this year has shown she is still a great star.

**THE STATE—  
AND YOUR SAVINGS**

The money you have worked hard for, and laid by in the Rock County Savings and Trust Co., is safeguarded by a set of state laws that regulate in detail the operation of Trust Companies.

An ordinary bank may re-lend your money to a business man, a firm or a corporation on its promissory note, but a Wisconsin Trust Company such as this must take double security. Not only must it have the borrower's note, with his moral and financial responsibility behind it, but it must also be protected by deposit of a real estate mortgage, bonds, or other personal collateral of greater value than the amount borrowed. This bank could not loan a dollar to its best customer on his note, without this double security.

With the State thus protecting you, an interest-bearing savings account in this Trust Company is absolute security. We solicit your account.

## PHONE RATES MAY TAKE JUMP SOON

Favorable Action Expected on Bell Petition for Temporary Unified Service.

Unified telephone service with a 55 per cent rate for business phones and \$3.50 for residences may become a fact here within the next few weeks if the railroad commission acts favorably upon facts to be presented by the Wisconsin Telephone company at the public hearing in Madison, Friday. Permission to make a rearrangement of switchboards and wires is sought with the idea of making temporary unified service.

It is generally believed here that the request will be granted. The Bell company points out in its petition that it will be May, 1922, before the actual consolidation can be completed owing to necessity for getting considerable new equipment delivered and installed.

Attorneys for both local telephone companies will attend the hearing Friday with a possibility that City Attorney Roger C. Cunningham may be on hand to represent the citizens. In similar hearings in the past, the quick consolidation is completed the day after the hearing. It is thought that there should be no unreasonable increasing of rates.

## BUILDING BOOM IS NEAR AT HAND, SAYS BRADSTREET

New York.—Preliminary returns on July building indicated that the long expected expansion in the building industry is close at hand. Bradstreet's announced Wednesday.

Reports from 127 cities, it was stated, indicated the value of structures for which permits were granted in that month was \$141,555,525, a gain of 32.5 per cent over July a year ago and 42 per cent over the total in the same cities in June this year.

## 30 ARRESTED FOR SELLING BOOZE IN SHEBOYGAN COUNTY

Sheboygan.—Carl Kenning, state prohibition agent, charging that Sheboygan county "dry" law enforcement "relaxed," conducted a series of raids under the state law Wednesday, which resulted in the arrest of 30 persons. Fifty saloons were raided in the city and in one Kenning charged he found a still in full operation. Most of those arrested will face court Thursday.

## MONTICELLO YOUTH KILLED BY LIGHTNING

(By Gazette Correspondent.)  
Newport.—Eugene Doolley, 20, son of Mr. and Mrs. James Doolley, Monticello, was instantly killed when struck by a bolt of lightning Wednesday morning as he was standing in the door of the barn on the Doolley home stead, one mile and a half east of Monticello. His brother, James, was a short distance away when the tragedy occurred.

The two boys had been working the farm while their father was in retirement. Four brothers and four sisters survive, together with the parents.

# Stirring Heavy Mud to Whip Track into Shape Thursday

ONLY MORE RAIN  
WILL HALT CARD,  
USING HALF MILE

While lowering skies threatened to drop additional buckets from Jule Plummer's reservoir, track workers were using their every resourcefulness Thursday morning in an effort to whip the half mile circuit at the fair grounds into shape for the afternoon program. It was decided early in the day that it would be impossible to use the mile course which was still buried beneath six inches of water, while strenuous efforts were made to drain it.

Constant stirring of the dough-like mud by the application of a harrow drawn by a tractor to lay it open to the action of a "siftmy-lug" sun served to dry the course somewhat. A damp atmosphere, however, hampered the men.

Start at 2 o'clock Thursday morning that Wednesday's program will positively be started on the half mile at 2 o'clock. The only thing that might keep the horse men from racing, it was said, would be more rain.

"You can say that the races will go going at 2 o'clock," declared Harry O. Nowlan, secretary of the fair board.

Nothing definite has been decided as to whether races will be held on Saturday. There is some talk among the horsemen that they would like to put off the balance of the program on that day, and there are even those who are talking about a Sunday meeting if there are any races coming.

It was indicated Thursday morning that all motor cars will be turned onto the fair grounds Thursday afternoon. This will dig up the earth and give it a better chance for quick drying.

Horsemen are making the best of conditions. They had anticipated some great speed marks with the track in remarkable condition to conform to the rain. But they are joining hands with the officials to make the balance of the meet successful.

After Wednesday's races are run off Thursday, the regular Tuesday program will be started. What is left of the Thursday card will be started first on Friday.

## POWER BOAT RACES DRAW \$12,000 PRIZES

Buffalo—Twenty-six American and Canadian power boats gathered on the Niagara River coast Thursday for the opening of the International Power Boat regatta and the fisherman's boat championship of displacement boat. Three major events will be contested Thursday, Friday and Saturday and on Sunday there will be a fifty mile free for all. Among the contestants are Miss Toronto of Toronto; Regina of Milwaukee; Gar Jr. of Chicago; and the Sea Horse of Indianapolis. Miss Liberty of Buffalo, and Nick Lack of Buffalo.

Prizes, valued at more than \$12,000 are offered. Three major events in the program are to be decided in three heats, one each day of the regatta.

The displacement power boat event will be run in 50-mile heats for the \$5,000 gold trophy offered by the Fishermen of Indianapolis, and a \$1,000 merchandise prize offered by James A. Allison of Indianapolis. The hydroplane race, in 30-mile heats will be for the Lenox trophy, and the express cruiser race in 40-mile heats will be for the Buffalo Yacht Club trophy.

## BADGERS TO ADD 4,000 CONCRETE SEATS TO MADISON STAND

Madison, Wis.—Another step toward completion of the Madison Camp stadium will be taken by the athletic department of the University of Wisconsin this summer in the expenditure of \$40,000 for construction of 4,000 additional concrete seats. Total capacity of the arena will thus be brought to 25,000. When completed the stadium will seat 25,000.

All money available for the Wisconsin stadium is earned from receipts, the legislature having made no appropriation other than an initial outlay of \$20,000 to start the work. Alumni subscription has not been pushed by the authorities.

## N. E. GOLF MEET ON AT GREEN BAY

Green Bay—The qualifying round of the Northwestern Golf association tournament being played on the Fox River Country club, here started Thursday morning, with about one hundred golfers from Menomonie, Michigan, Fond du Lac, Oshkosh, Sheboygan, Manitowish, Waubesa, Appleton, and Green Bay competing.

The qualifying rounds will be played Thursday, followed by the first and second rounds of match play on Friday, the semi-finals Saturday afternoon.

The course is in as good condition as it has been in many years. Last night's soaking rains, together with the recent work done on the greens has put the links in fine shape.

## RUTH FOUR DAYS AHEAD OF RECORD

Bumby Ruth is now four days ahead of his 1920 record on account of having made the acquaintance of his 4th home run Wednesday. The Swat King has 52 games in which to make 13 runs to beat his mark of a year ago.

Baker, the Yankees, he who once was nicknamed "Home Run," connected with two circuit clouts. Other four busters: McHenry, Journal, Hornsby, and Knickerbocker. Cleveland: C. Cavaliere, Athletics: Mottill, White Sox; and Kille, Louisville.

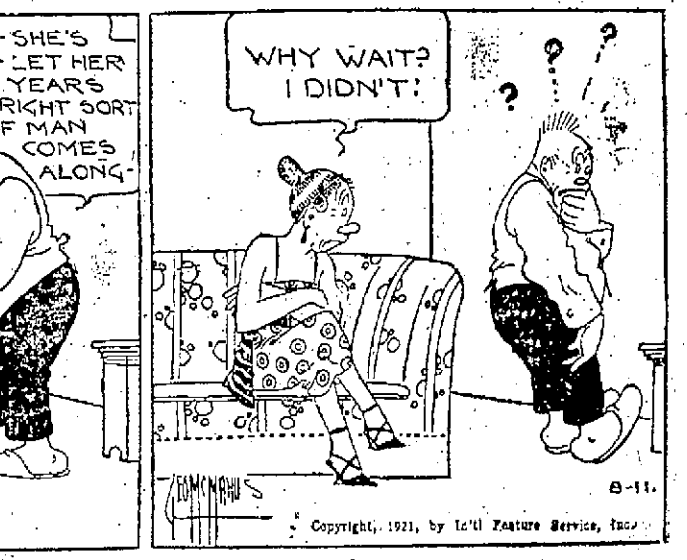

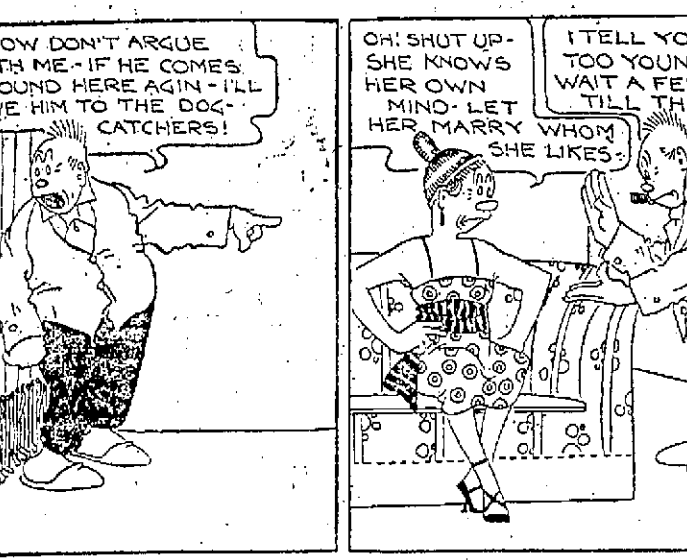

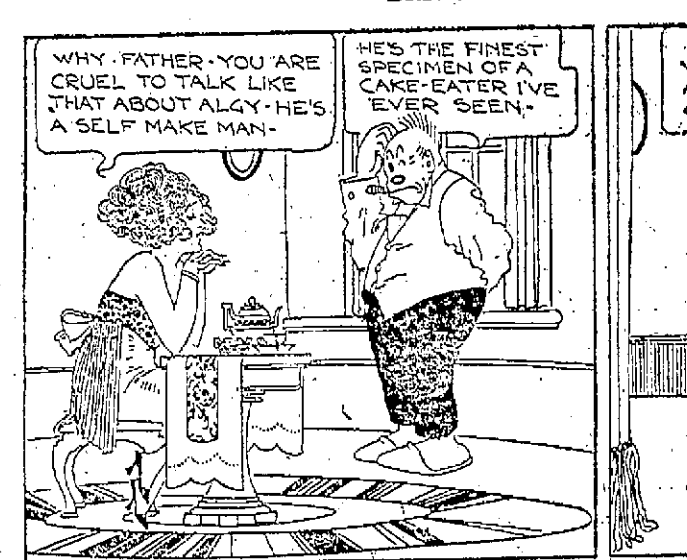

The total of extra base hits, with four teams in, was 52, as follows: Home runs—Majors, 18; association, 1; total, 11.

Trips—Majors, 10; association, 6; total, 16.

Doubles—Majors, 18; association, 7; total, 25.

Grand total—52.

## BRINGING UP FATHER

## Vaughn Deserts Organized Ball; Beloit Grabs Him

Kenosha, Wis.—Jim "Hippo" Vaughn crossed his rubicon here Wednesday when he came to Kenosha to join the Beloit Fairies, a semi-professional baseball team, which was to play the Simmons team here Wednesday afternoon. "You can tell the world I have joined the Beloit team," explained the big southpaw. "I would have preferred to aid Killefer by playing out the season with the Chicago Cubs, but it seems impossible."

Vaughn turned his back on the big league following the decision of Judge Landis Tuesday, suspending him for the remainder of the season because, while under a former suspension, he pitched for the Beloit Fairies against the Simmons team here and later signed a three year contract with the Fairies. He is to receive \$6,000 a year from the Fairies.

## Extra Races Thursday on Account of Storm

Thursday's race program on the postponed Janesville day at the fair will give the followers of the track almost double for their money. On account of the heavy rains Wednesday, the management announces that the card will start with the delayed Wednesday program and as many of the regular Thursday races as possible will be added to the day's events. The 2:15 race, 2:29 trot and 2:40 race are the positive races. Thursday's program called for a 2:12 pace, 2:15 trot and 2-year-old trot. Friday's card is the 2:25 pace, special race, and 2:17 trot.

## British Take Yacht Meeting

[By Associated Press.]

Cowes, Isle of Wight.—The sixth and last race in the series between British and American six meter yachts, sailed here Wednesday was won by the British racers by four points. This gives the series a 9-7 points in the five races previously sailed as against 7-2 for American.

## RICHEST CLEVELAND STAKE IS TAKEN BY GUARDIAN TRUST

Cleveland—Guardian Trust maintained his perfect Grand Circuit racing record Wednesday by winning the Championship Stallion Stakes, the richest future to be raced for so far this season, but only after a spit heat race. The stake was for \$2,000, of which \$1,750 went to Mrs. R. M. Hanna Jr., of Cleveland, owner of the winner. He was nominated by H. J. Schlusser of Milwaukee.

The final heat found Guardian Trust in the lead all the way. He had to be shaken up to withstand the rushes of The Great Rose and Favourite at the finish, but he was equal to the emergency.

Jeannette Rankin, the favorite, won the Press purse of \$5,000 for 2:16 class trotters, the second event of importance on the card, in straight heats. She took the lead when called upon and won as Lou McDonald, her driver, pleased.

Dardanelle, favorite in the 2:06 pace, was displaced in the first mile by the winner, turned up in Johnny Quirk, which won the first two heats.

## SPORTING BRIEFS

New York—Charlie White of Chicago and Johnny Dundee of New York went ten rounds to a draw. Both are light weights.

New York—Johnny Buff, American flyweight, received the judge's decision over Charley Ledoux, French bantamweight at the end of their ten round bout.

Boston—Martin Killian, manager of Johnny Wilson, announced Wilson had been matched to meet Bryan Downey in a 12 round no decision bout at Jersey City on Labor day.

Chicago—The New York firemen's baseball team defeated the Chicago fire department team 5 to 2, in the first of a 2 1/2 game series.

Chicago—Jack Dempsey asserted he knew nothing about a match with Jess Willard and asserted he did not expect to meet any negro boxers.

## Janesville Golfers Trim Beloit Wednesday, 52-36

While Janesville was fretting under extremely heavy rains Wednesday, 50 local golfers were playing an 18-hole match on the links of the Beloit Country club. Janesville came away with a 52 to 36 victory tucked in safety.

Beloit had some rain Wednesday morning but it was not nearly so bad as that here. It stopped at 1:30, permitting the linkmen to take to the course, which they said was in fine condition.

The medal score for the day was made by Dr. J. J. Taylor of Beloit with a 72 (35 and 37). Harry Robinson, tutor of Janesville, lost his match to Beloit's professional, Ayde, 2 up, in a special match Al. Schaller lost to Foster. Schaller's card was 84.

Play in the president's prize at the Janesville Country club is going slowly. The first round is expected to be completed this week when an announcement will be made of the standings.

# Would YOU Order Gasoline by the Pound?

Then abandon the gravity idea, for gravity is a comparison of weight in relation to water, and nothing else.

It is performance on the part of the car that you want—snappy response, get-away before the rest, smooth acceleration for a spurt, an abundance of power for the hard pull, and tremendous speed for a thrill, or an emergency—you get that by the gas vaporizing at the right temperatures, meaning the correct range of boiling point fractions.

Red Crown has a perfect chain of boiling point fractions.

## The High-Grade Gasoline

It makes the motor purr, gives smooth, rhythmic power, and saves wear and tear on the engine—no jerks to rack the body; no undue strain on the back axle; saves tires; makes greatest mileage. That, and the infinite pleasure of an eager, responsive motor is what Red Crown gives at a saving of about 3 cents a gallon, over what you are asked to pay for gasoline that bases its case on "high test" claims.

Millions use Red Crown. Millions praise it.
